

## ALBERTA PROSPERITY PROJECT

### WELCOME TO AN INDEPENDENT ALBERTA

#### TOGETHER, WE CAN SHAPE A BRIGHTER FUTURE.

Imagine a free Alberta, guided by true Albertan values. Strong leadership, economic rights, and protected freedoms. Independence restores control to our people, empowering local decisions on resources, taxes, and policies that reflect our priorities. With stable governance, we can secure lasting prosperity and a brighter future for all Albertans.

#### WHAT IS A CONSTITUTIONAL REPUBLIC?

A Constitutional Republic means leadership by law, not by whim. In a system where elected representatives govern based on a written constitution, power is limited, rights are protected, and accountability is enforced.

#### Core Features

- **Rule of Law:** Every action we take adheres to constitutional principles.
- **Separation of Powers:** The executive, legislative, and judicial branches operate independently, ensuring checks and balances.
- **Elected Representation:** Our leaders are chosen by Alberta's citizens and held accountable by constitutional standards.

## DIRECT DEMOCRACY, THE PEOPLE'S VOICE

#### Direct democracy puts power in the hands of the people, allowing every Albertan to influence the decisions that shape our lives.

- Albertans have the ability to directly propose changes to the constitution and policies through referendums and petitions.
- **Balanced Approach:** While representative democracy manages daily governance, direct democracy ensures that Albertans can make impactful decisions on pressing issues, leading to a more engaged and empowered citizenry.

#### Benefits For Alberta:

- **Autonomy:** By formalizing independence, we prevent overreach from government on crucial matters like energy, immigration, and taxation.
- **Economic Sovereignty:** We secure our rights to develop our resources free of Ottawa's ideological constraints.
- **Cultural and Economic Stability:** By preserving our cultural heritage and ensuring the benefits of trade and social programs, we work toward a stable future for all Albertans.
- **Protection of Freedoms:** We prioritize property rights, fiscal responsibility, and personal liberties to create a thriving society.

## REASSURANCE

#### THE CASE FOR CHANGE

Combining a constitutional republic with direct democracy offers Alberta a balanced governance model that ensures stable leadership while empowering citizens. Elected representatives uphold individual rights and provide stability, while direct democracy enables citizens to influence policies directly through referendums.

This integration fosters civic engagement, reduces the disconnect between leaders and the public, and creates a responsive political environment where ordinary citizens have a significant role in shaping the region's future.
