

ALBERTA PROSPERITY PROJECT

THE TIME IS NOW

OUR GOAL

The goal is to answer common questions people might have in order to create clarity on a potential confusing process. Some of these questions might include:

1. **What happens to the Canada Pension Plan, and OAS? What does it look like for veterans or the elderly.**

4. **What about healthcare?**

5. **Can I still own and use my rifle/gun?**

6. **Where will Alberta's money come from?**

7. **Can I keep my Canadian passport?**

8. **In a new Country of Alberta, can public services and political affairs be held more accountable?**

THE 4 PHASES TO FREEDOM

Countries Have a Beginning & From That Beginning They Create Perfection.

OUR VISION

The Vision of APP is to bring about a successful transformation into the prosperous Country of Alberta. This new Country of Alberta permits individuals to grow in the areas of personal finance, property ownership, faith, family and freedom.

Phase 2 – The Referendum Question: This part is the "Tipping Point". If the vote is a success, then we can move on to the next phases of development. If the vote is unsuccessful, then APP will return to Phase 1. [Learn More Here](#).

Phase 3 – Establishment of New Country Status: Business and Constitution.

Many questions people have today relate to the "Establishment of the Business World," and the "Establishment of the Constitution". Although we understand the "need to know" to alleviate all apprehension, these decisions can only be known once they are finalized with Alberta being the new country. At present, the most important thing to know is we can create solutions for an Independent Country of Alberta. [Learn More Here](#).

Phase 4 – Management: Employ and manage phases 3, Sections "B" and "C" as the country of Alberta moves forward. [Learn More Here](#).

Alberta is preparing for a new identity and governmental system. The APP leads the charge for a NEW and BETTER Alberta!
